

AFTERWORD

HOW THE JEWS FORCED AMERICA INTO WORLD WAR II

by William Anderson

In the years before World War II, the American public had no desire to go to war in either Europe or Asia. We, as Americans, had no interest in warring with Germany, Italy or Japan. Yet America was forced to battle the Axis Powers for four long years at the sole behest of International Jewry.

In fact, World Jewry commenced its war against Germany in 1933, the year Hitler came to power, even before he had time to begin implementing a program for pulling Germany out of its own economic depression.

Jewry's declaration of a "holy war" against Germany was issued by Samuel Untermeyer of the World Jewish Federation who said in the New York "Times" of 7 Aug. 1933 that it would be means of an "economic boycott that will undermine the Hitler regime and bring the German people to their senses by destroying their export trade on which their very existence depends."

Furthermore, the Toronto "Evening Telegram" of 26 Feb. 1940 quotes Rabbi Maurice L. Perlzweig of the World Jewish Congress as telling a Canadian audience that "the World Jewish Congress has been at war with Germany for seven years" (i.e. 1933).

Jews were obviously willing to back up their threats, for the London "Sunday Chronicle" of 2 Jan. 1938 reported that "leaders of International Jewry" had met in Geneva, Switzerland to set up a \$2.5 BILLION fund to undermine the economic stability of Germany.

However, Jewish boycotts against Germany failed to bring that nation to its knees as Hitler had already freed Germany from dependence on Jewish usury. Since economic pressure by World Jewry could not break the back of Germany, it was determined that an actual war would be necessary to destroy Hitler.

This desire to decimate Germany is understandable when one recognizes that Jews are a parasitic race and as parasites will fight to the death when the host attempts to expell them.

The Jewish desire for war was admitted to by Rabbi Felix Mendelsohn in the Chicago "Sentinel" of 8 Oct. 1942 where he states: "The Second World War is being fought for the defense of the fundamentals of Judaism." Thus, Rabbi Mendelsohn flatly expresses the view that WWII was a Jewish war.

This Jewish scheme came to fruition in 1939 when Germany invaded Poland. Britain and France, under Jewish domination, then declared war on Germany, conveniently ignoring the fact that the Soviet Union (under Jewish rule) had also invaded Poland.

As proof, James Forrestal, later to become Secretary of Defense, in his diary of 27 Dec. 1945 notes that he played golf with Joseph Kennedy, FDR's ambassador to Britain, who told him that ex-Prime Minister Neville Chamberlain "stated that America and the world Jews had forced England into war." For his candor and later opposition to the bandit state of Israel, Forrestal was murdered in 1949 (ruled a "suicide").

Jews throughout the world screamed that Germany was intent on ruling the world, but Gen. George C. Marshall admitted after the war, in testimony before Congress, that no proof could be found that Hitler planned any conquest of the world.

In fact, Hitler's actions against Czechoslovakia over the Sudetenland and Poland over Danzig were just part of Hitler's long stated desire to re-acquire the territory taken from Germany after WWI in the Treaty of Versailles.

While stones are being cast, it should be recalled that after Germany took back the Sudetenland from Czechoslovakia, Poland seized the territory of Teschen from the Czechs which it had no claims toward.

So, after the Jews had ignited a war in Europe, it was found to be necessary to draw America into that war as France had fallen and Britain tottered on the brink of defeat.

To bring the U.S. into this Jewish war, International Jewry had the services of a master at corrupt politics — the one and only Franklin Delano Roosevelt. Interestingly enough, Col. Curtis Dall who was once FDR's son-in-law accused Roosevelt of being partly Jewish. In any event, Roosevelt was surrounded by plenty of Jew advisors such as Bernard Baruch, S. I. Rosenman, Sidney Weinburg, Sidney Hillman and Felix Frankfurter.

For the first time, Jewry had a President who was totally subservient to them and they spared no effort to keep him in office. For example, when it appeared that Sen. Huey Long would defeat Roosevelt for the 1939 Democratic nomination, he was assassinated by Dr. Carl Weiss, a Jew.

Nevertheless, American public opinion was overwhelmingly opposed to any involvement in WWII. Americans realized that they had been duped into WWII and were not interested in losing the lives of loved ones in a war that offered no benefits to the U.S. In effect, Americans were heeding the advice of George Washington in his "Farewell Address" where he warned that Americans must not become involved in intangling alliances with foreign nations.

Those patriots who followed Washington's sound advice were disparagingly referred to as "isolationists," but they were, in actuality, neutralists. Thus Congress, acting on the will of the people, passed the Neutrality Act of 1935 which embargoed any U.S. arms from being sent to a warring nation.

About three years later, in 1938, Rep. Louis Ludlow of Indiana introduced a resolution requiring a public vote of support of any declaration of war by Congress. Roosevelt and the Jews knew this measure could easily destroy their efforts, so an all out attack on the resolution was launched. As a result, the Ludlow bill was narrowly defeated.

The Jews had good reason to block the resolution for the American Institute for Public Opinion (AIPO) released at that time a poll showing 83% of the citizens opposed to U.S. intervention in an European war.

Moreover, in April 1939, during the height of war fever, a whopping 95% opposed American entry into a war against Germany. That's right, virtually every citizen was soundly against the U.S. involving itself in a foreign war. As a result, Congress strengthened the Neutrality Act by barring commerce and travel, as well as arms, to any belligerent power.

At this point, the Jews began to show signs of desperation, but these wily manipulators of world events still had a few tricks up their collective sleeve. So, in 1939 an immense popaganda campaign, the likes of which had never before been seen, was launched. No stone was left unturned in Jewry's assault on the minds of the American people.

One was bombarded with the most outlandish lies about Hitler and Germany from all sides — in newspapers, magazines, books, radio and motion pictures. FDR also unleashed the powerful, persuasive techniques of the federal government in the blitz to "hate Germany."

To get an idea of just how far this propaganda attack went, one should note that Jew Theodore Kaufman wrote a book entitled "Germany Must Perish," which outlined a plan to exterminate Germans by sterilizing 48 million of them. Believe it or not, this call for genocide by a Jew was well received in many influential circles.

Conversely, Germany never carried out a "holocaust" against the Jews, but after the war was accused of doing so any way. This "holocaust" hoax trumped up by Jewry has been used since WWII to divert attention from their own machinations to plunge America into the maelstrom of yet another war.

The Jew orchestrated assault of hate against Germany was successful in cowering Congress into lifting the arms embargo and allowed the free flow of weapons to Britain and later to the Soviet Union. This action made U.S. ships carrying the arms fair targets for German subs; but no attacks occurred, which is certainly odd behavior for a "mad-man" (Hitler) bent on "world rule."

While Congress succumbed to the barrage of hate propaganda, the public remained totally against the war. For instance, in Oct. 1940 about 83% polled were opposed to U.S. involvement. In April 1941, it was 85% against and in July 1941, opposition was pegged at a healthy 79%. Not surprisingly, the pollsters quit asking the question at this point, as FDR and Jewry had all but gotten war officially declared.

By 1940, Roosevelt had rammed through Congress a draft and conscription although polls indicated at least 50% of the public was against such a move. By now it should be perfectly obvious that World Jewry had begun planning for U.S. entry into the war at least three years before Pearl Harbor, despite overwhelming opposition.

Speaking of Pearl Harbor, it is important to understand the complete facts surrounding the "surprise attack." While 95% of all respondents were opposed to war in 1939, about 90% indicated they were willing to fight if directly attacked. Operating on this information, Jewry did everything possible to goad either Germany or Italy into attacking America. However, the bait was refused as Hitler was attempting at that time to negotiate a peace with England, which was flatly rejected by the Jew lackey Churchill.

Thus Jewry's attention turned toward Japan, which had a mutual defense pact with Germany and Italy. Japan had been engaged in a war with China which FDR and the Jews tried to use as an excuse for American intervention, even though the events in Asia were of no concern to America.

Jewish, not American, interests however were what concerned Roosevelt and in July 1941, he froze Japanese assets in the U.S. and embargoed trade. This was reason enough to declare war, but Japan humbly proposed to sit down and negotiate U.S.-Japanese differences. Instead of accepting the offer, FDR insulted Japanese Ambassador Nomura and refused to meet with Prime Minister Konoye.

As a result, Konoye and his "peace party" were replaced by Gen. Tojo and his "war party," yet Japan continued to make peace overtures only to have them all flatly rejected. Finally, on 26 Nov. 1941, Roosevelt sent an ultimatum to Japan which amounted to a virtual declaration of war. This ultimatum, according to Prof. Harry Elmer Barnes, was actually drafted by Jew Harry Dexter White (Weiss) in collaboration with Jew Treasury Secretary Harry Morgenthau.

It was this ultimatum, penned by two Jews, that forced Japan to attack or else "lose face," which in Oriental thinking is a fate worse than death. The final, sorry episode of this disgusting chain of events is that Washington knew of the impending attack on Pearl Harbor at least 12 hours before the blow fell, but refused to warn military officers there.

The U.S. had been forewarned since the Japanese message code had been broken and America was thus able to monitor Japanese

dispatches. No word was sent to Pearl Harbor by FDR and the Jews as the messages revealed that the attack should be called off if it appeared that the Americans were prepared.

So International Jewry by going through the "back door" had successfully ensnared America into WWII; a war that would cost millions of lives and billions of dollars. The bottom line of the war would be a world under the total subjugation of Jewry through its twin arms of Communism and Zionism.

These facts have been covered up and ignored in the mass media, but Charles Lindbergh, for one, recognized where the finger of proof pointed. In his "Wartime Journals," he states that "the Jews, the Roosevelt administration, and British sympathizers combined to encourage the U.S. to enter World War II."

Lindbergh and other patriots sought to stop Jewry's war plans by setting up the America First Committee. The committee found widespread support, but could not overcome the billions spent by Jews to brainwash the public into accepting war after Pearl Harbor.

And it is Jewry which best recognizes why the U.S. entered WWII. "The American Hebrew," in an editorial of 24 July 1942, declared that "whenever an American or a Filipino fell at Bataan or Corregidor or at any other of the now historic spots where MacArthur's men put up their remarkable fight, their survivors could have said with truth: the real reason that boy went to his death was because Hitler's anti-semitic movement succeeded in Germany."

The above quotation from a Jew newspaper is an admission that the U.S. entered WWII only at the behest of World Jewry — a war Jewry declared all the way back in 1933! Of course, this admission was intended only for consumption by a Jewish audience to keep them in the know, which tends to make it all the more revealing.

Any American involvement in a foreign conflict should be judged as to whether it is in the best interest of the American nation; yet the U.S. entered WWII because it was in the best interest of International Jewry.

Thus, the Jews forced the U.S. into war against the public's will in 1941 and the \$64 million question is will it happen again? Events are already pointing towards a build-up of war hysteria. Without a doubt, Jewry is leading America by the nose towards war in the Middle East on behalf of the bandit state of Israel.

Will we learn from the lessons of the past or will we once again find ourselves forced into war for the benefit of World Jewry?
